4-in-1 Portable Speaker for Your MP3 Music

More than just a compact speaker system, Creative TravelSound™ MP3 is also an MP3 player, voice recorder and portable storage device all rolled into one. It features 32MB built-in memory to store your favorite digital music, plus an available SmartMedia slot to add on more memory to store even more songs. Designed with slim **Titanium Micro Drivers** for enhanced audio, Creative TravelSound MP3 speaker also features a digital amplifier, giving you power without zapping your battery life. Get set to enjoy up to 12 hours of your favorite music. Play it out loud, or listen in private through a pair of headphones - the choice is yours. To elevate your audio experience, you can also apply the Wide Effect feature to enjoy an expanded soundstage.

With the built-in microphone, Creative TravelSound MP3 is your convenient voice, interview or personal notes recorder for up to 2 hours.

Simply connect the Creative TravelSound MP3 to the PC via the supplied USB cable. And you can easily manage your MP3 collection by adding new songs from the PC or removing old tracks.

A perfect companion for your portable DVD player or notebook, Creative TravelSound MP3 speaker gives you great sound on the go.
